Applied Labs Becomes Member of MSPAlliance®

Applied Labs joins vibrant global consortium of cloud, managed service providers and technology enabling vendors

Lima, Perú, February 12th, 2021 – Applied Labs today announced that it has become a member of the MSPAlliance.

MSPAlliance is the oldest Managed Services group and the only Accrediting and Standards based body created specifically for the Managed Services Industry. With thousands of members worldwide, the MSPAlliance is a very powerful and influential global network of IT professionals. MSPAlliance works in a collaborative effort with service providers, technology enabling vendors, governmental bodies as well as other industry associations, to further the acceptance of the managed services and cloud industry to the business consumer.

MSPAlliance Member companies are able to achieve MSP and Cloud Certifications including, MSP Verify, Cloud Verify, GDPR Verify, Cyber Verify, SOC audits, as well as other certifications and audits relevant to this profession.

“We are delighted to have Applied Labs as a member of our global association,” said Celia Weaver, MSPAlliance president. “By upholding the MSPAlliance Managed Service Provider’s Code of Ethics, Applied Labs will work with MSPAlliance, as well as their industry peers, to help ensure the integrity of the managed services and cloud profession.”

Research+Development

“We are motivated by people and their potential, we are supported by experience, knowledge and clients devoted to our methodology and vision. We are Applied Labs, Peruvians working to deliver high-impact innovative global technology and consultancy based solutions”.
